About

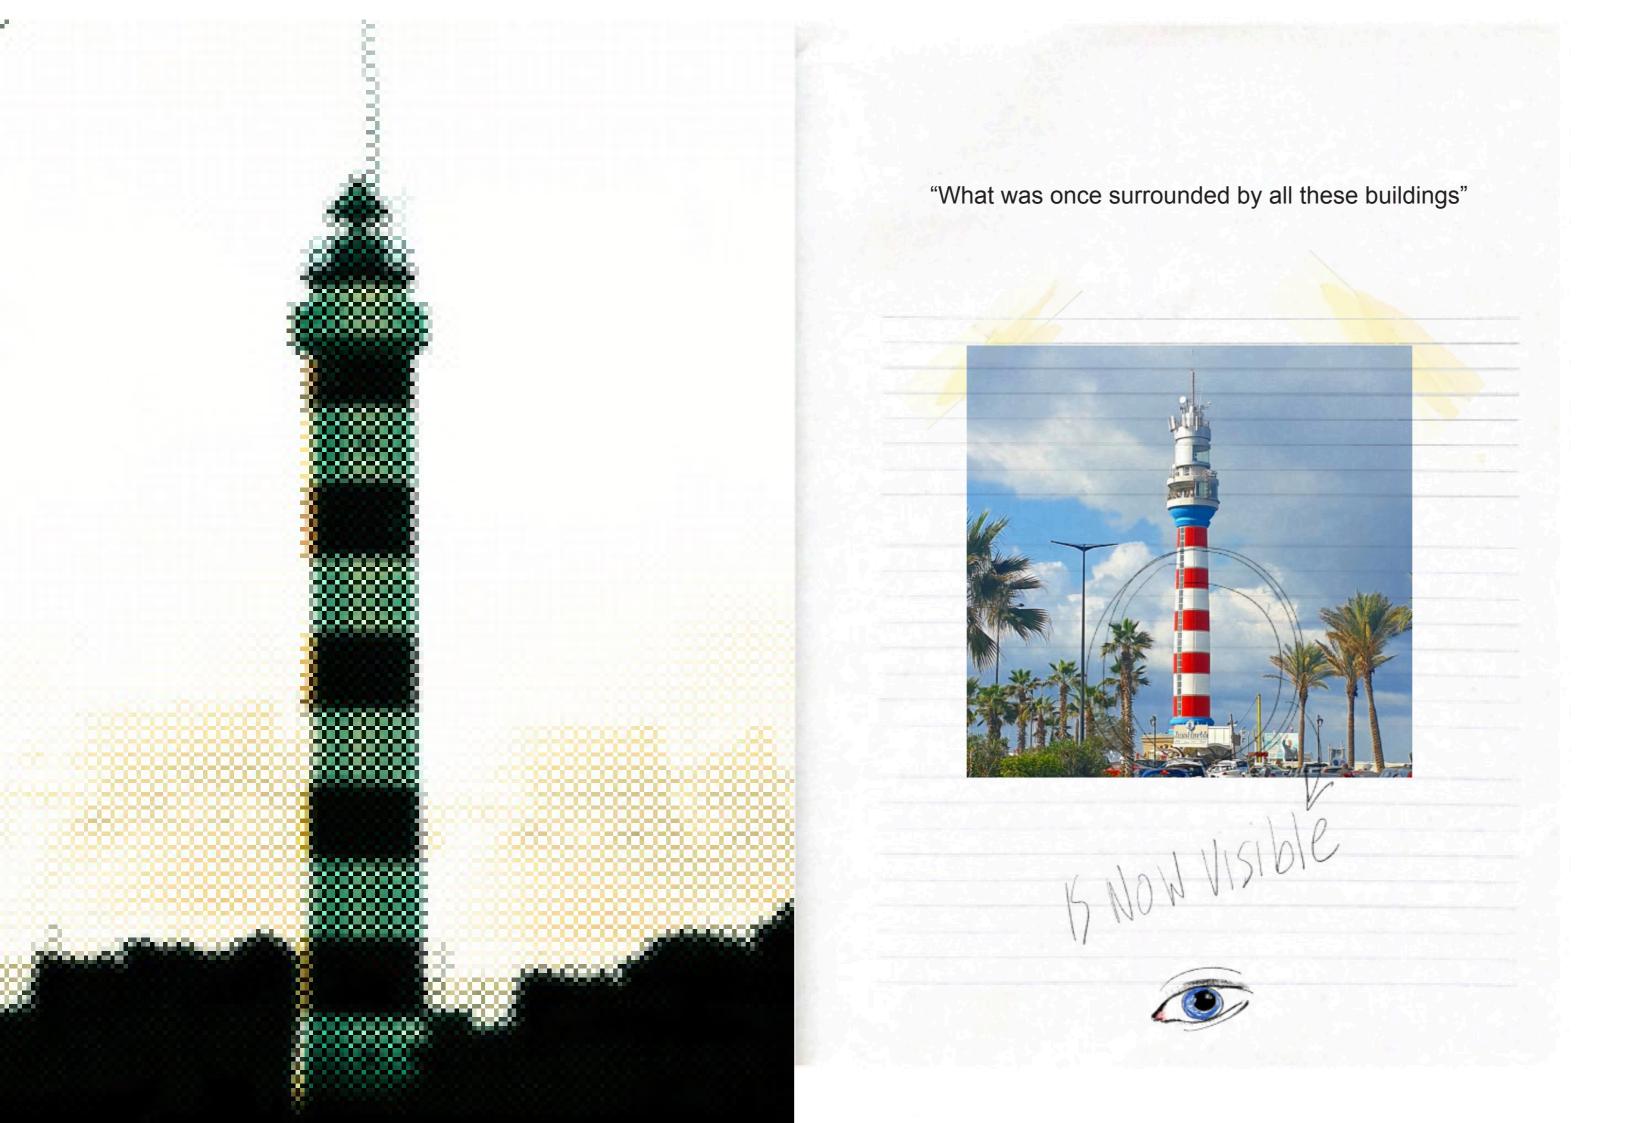

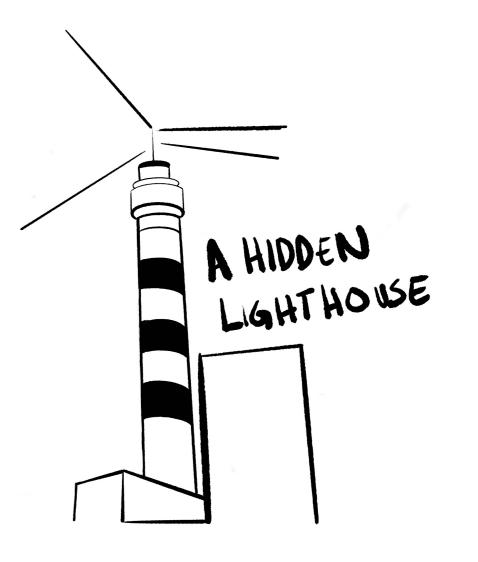

A Hidden LightHouse is A streetwear luxe brand specialised in apres beach wear.

The lighthouse that this brand draws inspiration from was once an infamous landmark in the heart of Beirut. It represented a time in which love and happiness prevailed, fishermans relied on the the seas gifts and the people gifted by the glimmering seas magic.

A Hidden Lighthouse's designs and overall aesthetic ranges from chill activewear inspired by the youth that play baskball after a swim, and refined comfort wear influenced by the creatively driven locals grabbing a drink by the sunset.

"Beirut has two lighthouses, one active and one inactive. The inactive one holds great historical significance and can only be spotted if you look closely. I was drawn to the fact that even though this lighthouse is hidden, its significance makes it shine through the urban mask its hidden behind"

The day begins with a run **by the lighthouse**laying in the middle of the mediterranean on a board swimming back to a loved one on the shore.

Day turns to night and the sun sets, the sun rays now turn into light beams extending from lit up side walk into the vast dark waters.

The city is warm, the people show love by the humble **hidden lighthouse**
